

7<sup>th</sup> January 2019

Dear Parents

Year 6 SATs' Information Session for Parents and Children  
Wednesday 30<sup>th</sup> January at 7pm

I am pleased to invite you and your Year 6 child/children to our annual SATs' Information Evening. The aim of this evening is to;

- Explain the current SATs tests in more detail and to go through the week itself including the statutory timetable for the tests. **This is especially important as this is the first year of this being 'Test Only'**
- Talk about the ways in which we will be supporting and preparing the children at school and how you can best support your child at home.
- Outline the different Booster lessons which we will be running.
- Share with you the way in which children's results are calculated and what information you will receive in July.
- Explain how we liaise with secondary schools.
- Show you some sample questions!

We appreciate that the build up to SATs can be a worrying time for children (and parents) and this information evening is also an opportunity to reassure you and to answer any questions you may have. Members of the Year 6 team will be available as will Mr Demblon and Mrs Underhill.

As a school we have no choice about whether we administer SATS tests but we do have a choice about how we help the children to approach the tests with confidence and a skill set that will prepare them well for their move to secondary school. We have sent home a paper copy of this letter with your child today as we would really like all of our Year 6 parents and children to come along.

Yours sincerely

Mrs. H. Dunn
