

“
If you can
dream it, you
can make it!”

Heatherside Junior | Year 3 & 4

WEB & APP BUILDING Afterschool Club

At Jam Coding, our goal is to help improve children's digital skills. This **Web and App Design** Workshop will show children how to design and create their own website. Working in teams, our web developers will have fun planning and constructing an engaging website and app based on a topic that they are interested in. Turning imagination into reality! At the end of the course, all children will receive a certificate and one team will receive a trophy!
