Year 6 English Homework

Choose a book you have really enjoyed reading. Your challenge this week is to write a letter to the author explaining why you really enjoyed reading their book.

In your letter, you will need to include the following:

- Why you enjoyed that genre (fantasy, adventure, historical fiction, mystery).
- Why you found the characters and settings interesting.
- An explanation of which character you would like to be, or which one you relate to the most and why.
- How or why the story engaged you and kept you hooked.
- Any questions you may have for the author.

In previous years, children have sent a published copy of their letter to their chosen author. Many of them have received replies because their chosen author was so impressed by the standard of their writing. Please remember this must be your own work and not AI generated!

How will you impress the author of the book you have chosen?

To be handed in by Thursday 12th November
